"Carlos Eire's A Very Brief History of Eternity is precisely what you would expect from a formidable historian who is also an acclaimed memoirist. Strikingly erudite and profound yet accessible, this book will appeal to anyone who takes pleasure in being enlightened and entertained at the same time." —Peter Iver Kaufman, University of Richmond

As the authors point out, a "short" history of philosophy (in German) by Hans Joachim Storig, runs to 750 pages, and Bertrand Russell's famous popular opus from 1945, A History of Philosophy was 895 pages long. What the authors have done here is to distill the essence of their larger book, mostly by judiciously pruning.

The earliest form of storytelling that has been discovered is from the Lascaux Caves in the Pyrenees Mountains in southern France. Discovered in 1940 by a group of French children, a series of cave paintings that date back to sometime between 15000 and 13,000 B.C. depicted a variety of animals and one image of a human being.
