Just wondering if anyone has a manual for a 2008 KX250F that could look up the valve specs for me. I need to know the high and low end of the tolerance, and the shim sizes. For both intake and exhaust, thanks, Rob. Last Edit: Aug 7, 2011 13:48:48 GMT -5 by motodad344. gonzokx

I ordered your online manual for my 2008 KX250F and just wanted to say that I am very pleased. I bought my bike used so it didn't come with the manual. The service manual from Kawasaki was very expensive. Your manual was a fraction of the price and was fantastic. It walked me through all the steps clearly with pictures.
