The Modern World-System II: Mercantilism and the ...

Modern Day Mercantilism. This confusion between money and wealth appears to have propagated down to the present time. When we have a negative balance of payments with a country, say China, i.e. when our imports are greater than our exports, what is happening is that China is sending us more real wealth to us than we are sending to them, and all China is getting for that real wealth they are giving us is the computer equivalent of little green pieces of paper called dollars.
