German Expressionism consisted of a number of related creative movements in Germany before the First World War that reached a peak in Berlin during the 1920s. These developments in Germany were part of a larger Expressionist movement in north and central European culture in fields such as architecture, dance, painting, sculpture, as well as cinema. This article deals primarily with developments ...

Egon Schiele (German: (); 12 June 1890 – 31 October 1918) was an Austrian painter. A protégé of Gustav Klimt, Schiele was a major figurative painter of the early 20th century. His work is noted for its intensity and its raw sexuality, and the many self-portraits the artist produced, including nude self-portraits. The twisted body shapes and the expressive line that characterize Schiele's ...

Music whilst drowning is an exciting new anthology of German Expressionist poems, many of them newly translated. The editors David Miller and Stephen Watts, rather than drawing on existing compilations, have followed their 'own concerns and emphases in the final choice of both text and translation' (p.117).

Max Beckmann book reviews - Studio International

While German Expressionism is generally considered to be a pre-World War II movement, it came back into fashion in some circles after the war ended. The German Expressionist movement was more than just a style of creating works of art or of telling a story, rather it was more of a mindset that had social, cultural, and political aspects.
