### Race, Nation, and Religion in the Americas

The introduction to the collection offers a theoretical overview of the relationships among race, nation, and religion as categories of collective identity formation. It argues, in brief, that these categories are always already inextricably linked and cannot be studied in isolation from each other—that they are, in fact, co-constituted categories, wholly dependent on each other for their ...

A group forged by strong common roots in both race and religion can be a powerful societal force, if it wants to be. The Nation of Islam is a small but growing religion in America that has become somewhat of a social movement because of its strong and radical ideas on race. In this paper, I will try to explore the beliefs of the Nation of Islam, and the ramifications it could and has had on racial relations in America.

### Race, nation, and religion in the Americas - Union ...

Although both race and religion are enormously difficult to define, almost all human beings in almost all societies recognize, shape themselves, and are shaped by representations, influences, effects of the phenomena and dynamics to which each term generally refers. Bringing these two freighted and problematic terms together in critical analysis may force consideration of certain issues that may otherwise not be addressed at all, or at least not addressed in the manner befitting their ...
